Notes:

Jenny:

- Tested all methods to see if its okay
- Added comments for expected inputs and outputs
- Id columns have been deleted

Patrick:

- Spend all day trying to figure out how to display the map.
- Learned that it wasn't necessary

Jenny:

- Nothing about jupyter needs to be learned, its used a lot by data scientist back then. But now they use google collab because it has more functions. Jupyter doesn't autocomplete.
- Plot functions are done now as well

Karen:

- Working on lists.
- Tree displays a table, you can basically add rows and columns on the tree.

Jenny:

- Swap to PyCharm? Errors importing files.
- Need to work on a main file for GUI
